Mr. Wayne Terry  
Director, Wasatch County Hospital  
55 South 500 East  
Heber Utah 84032

Dear Mr. Terry:

This letter is to make you aware that as of August 2, 1984, I will no longer be director of the Alcohol and Drug Prevention Center in Wasatch County. In addition, I will be resigning my Staff Priviledges as Psychologist at Wasatch County Hospital. It is with deep regret I leave the work relationship I have with your staff. They have been very efficient and effective with all my clients and made my job much easier.

I hope you continue to be an evaluation hospital for Psychological Services. I feel and believe it is a necessity in Community functions and accreditation.

Sincerely,

  
Sharyn Paradise, Ph.D.  
Psychologist
